

IBS Help Online

The **Online Irritable Bowel Syndrome Website** created by
a UK Consultant Physician and Gastroenterologist

IBS Help Online is a new and unique website for sufferers of IBS or the Irritable Bowel Syndrome. It's packed full of advice and information and is a point of contact for IBS sufferers too. The advice is provided by Dr Peter Thatcher, consultant physician and Gastroenterologist at the Royal Cornwall Hospital and visitors can also participate and provide help and advice for other sufferers too.

But don't just take my word for it!

"I have been looking for a site about Irritable Bowel Syndrome, in order to learn and find out about others with this dreadful disease, I was frustrated because my doctor just tells me to watch my diet, my stress and I'll be fine, but I am not fine, some days it takes 3 to 4 hours to leave the house and still I need to make stops before I get to work, sometimes I am afraid to eat anything, specially if I have to travel. Thank you for giving "us" this opportunity to learn more about the syndrome. MG, Poughkeepsie, NY"

So, if you suffer from IBS, why not stop by and join the ever growing community of Irritable Bowel Syndrome sufferers. See you soon.

Best Wishes

Peter Thatcher
